Forecast for Sunday 25 Oct 2020

Weather: A showery and windy day with the most frequent and heaviest showers in the morning, there is a risk of a thunderstorm during the morning too accompanied by gale force gusts on the fells. During the afternoon the showers will ease for a time and become less frequent with some bright or sunny spells. Showers returning in the evening.

Chance of cloud free mountain/hill tops above 800m: 40% in the morning with many fell tops shrouded in cloud particularly during heavier showers when cloud bases may be around 500m. In the afternoon cloud will lift and break with an 80% chance of clear tops and good views.

Visibility: Generally visibility out with showers will be very good, dropping to moderate or poor in showers.
